OMAHA, NEBRASKA, MAY 14, 1930

JOSLYN, DAVIDSON MUNY UNI. REGENTS

SCHOOL HEAD BURKE WANTS UNIVERSITY **PART OF CITY FIRST**

Legal Tangle Delays Final Municipal Move

PRESIDENT IS PLEASED WITH STUDENT SUPPORT

Mrs. Sarah Joslyn and J. E. Davidson will be elected regents of the new municipal university, it was said by members of the board of education following a two-hour closed session Monday evening for consideration of candidates.

Seventy-five names were suggested. From this list, a committee will select 18 and submit them to the board next Monday. Seven regents besides Mrs. Joslyn and Mr. Davidson will be chosen.

Selection, however, will not be made for some time, according to E. R. Burke, president of the board. The state law provides, he said,

that the city commission establish the university before the board of education names the regents.

The citizens of Omaha on Tuesday, May 6, voted in favor of the ing contest held Sunday evening, May proposition to levy a tax, not to 11, over radio station WOW, of exceed one mill annually, in order to establish a municipal university in the city.

The Omaha school board at its Nebraska state contest. next meeting, May 19, will consider the appointment of a board of nine regents to manage the new institution. Each remained at a radio in their According to Edward R. Burke, homes to judge the voices. present head of the School Board, he will not be considered since he does not reside within the city limits. Others who are considered likely candidates are J. E. Davidson, present chairman of the board of trustees for the University of Omaha: Mrs. Sarah Joslyn, member of the Omaha University board and Allan T. Hupp, member of the board of trustees and active worker in the municipal university campaign.

It is expected that the gift of the present University of Omaha, which will probably be tendered to the board of regents of the new institution as soon as they are selected, will be accepted, thus providing a nucleus for the municipal university.

Citizene Give Support

The favorable vote on the proposition came only after public-spirited citizens and organizations of Omaha had put on an intensive camlegislature tast spring which allowed the measure to be put to vote of will start in September, 1930. the people, civic organizations and elitions railled to the support of vice-president; livies Dueit, seers he needed the meney for see. CONGRATULATIONS!

Over thirty thousand two-hundred enthusastic voters of Omaha went to the polls through rain, mud and cold last Tuesday, May 6, to cast favorable ballots for a Municipal University of Omaha. At each poll these voters were met by at least two students of the present university of Omaha who handed out cards stating "That our youth may rise-vote Yes on the Muincipal parts went ker-smash when the University."

Twelve hours of rain, wet feet and snuffling noses were only a small part of the battle to win a university for the city of Omaha. shall some day journey to the Old jonly on the face and hands." But every student felt and played his part as one small cog in the Country for this type of learning. gigantic educational machine which was so necessary that the proposition might live. And it is safe to say that the bare margin by which the bill passed was gained through the activity of every student in pushing the project at each angle.

There is no need for painting the picture of Omaha educa-by Octavus Roy Cohen, a merry tional leaders inspiring students and faculty members to aid in the book of numerous episodes or "epics" municipal campaign. We all know who the leaders were. We in which a colored porter makes all know who the workers were. We all know that Omaha's the run lively by getting into and thinking citizenry accepted the university and will never regret the move.

The University of Omaha which sprung from a small class who the bird was. The cinema is of nine students under the tutclage of Dr. Daniel Edward Jenkins quite different from the novel. Mac's Mutterings

WE HATE the dark brown taste that follows an election when mud and muck is slung with intent to injure. We should like to delve further into the mental attitude of three Omahans who so treacherously distributed those last minute bits of manila bearing lies. falsehoods. and untruths. That such men should turn personal hatred into channels to corrupt the municipal university movement is only in keeping with their personal characters. Of course we won and why not? But the fact remains in spite of their evident good will now, that we were not given a sporting chance to fight back and reply to those snake-inthe grass phrases. Perhaps we are not following fine ethics in writing thus, but it does relieve a cruel ten-

WHAT IF seven men decided to run at the same time for the office of the right honorable Mister Koutsky? And what if seven men who were trained solely for the job of street tending were elected to run the city of Omaha? Who, we ask would be mayor? Wanted: a sensible form of democracy.

ON VIEWING the last renearsal of "The Show-Off" we would advise every Omahan to see it at the North high auditorium Thursday night. Of course it is not perfect by a long shot. But it beats anything ever staged by this campus.

OUR CHANCE for inaugurating new form of teaching around these muny bill passed. We were about to suggest classes without the difficulty of grades. And instead we Without the mental hazard of high grades or a flunk we might get along better.

THE CUBS' CORNER

This literary corner is especially intended for the publication of amateur poetry and short prose selections written exclusively by the students of the University of Omaha. The encouragement of talent along literary lines is its earnest aim. Any contributions from students will be welcomed.

LEAVES FROM A POET'S NOTEBOOK

TRIAD

Your Eyes

Your eyes are tired From seeing too much. Knowing too much. If you will let me I will kiss your eyes Until they are tired no more.

Your Lins

Though you have been kissed a thousand times. Your lips are still untouched and freshly new. It is easy to explain this seeming paradox Because the lips you offered To those others, make believe lovers, Were only shadows of your real lips.

Your Heart

Your heart is a castle, worn and battle scarred, Bearing marks which tell of intruders We tried to break down the doors. I should like to dwell in the castle If only you will open the door to me And bid me welcome there.

An Explanation

To be sent to a young man who still feels that he holds first option on your heart.

> You don't approve at all the way That I am living now, you say. I was different, I admit When I went with you a bit. I discovered, don't you see That although in love with me; Quiet maidens you admired And to be so I aspired. I was good, you can't deny it, I was sweet, demure, and quiet; I was growing thoughtful, too-Something I din't often do. Your successor likes me jolly Can't you see it would be folly If I followed out your plan When I love another man? Since our love is dead and gone, Can't you let the past alone? Episodes, my dear, must end-Should you care to be my-friend?

Disillusion

On meeting an old lover I used to think that you were wonderful I used to think you handsome, strong, and brave, Today in meeting you my only thought was How emphatically you lacked a shave.

Co-Ed Portrays True Campus in Her Novel

'I Lived This Story'' Departs From Accepted Theme

AUTHOR IS BUT TWENTY

Betty White, class of '29, Northwestern University, never became president of anything, captain of anything, queen of anything, but she did come in first in the College Humor-Doubleday, Doran Campus Prize Novel Contest. "I Lived This Story," has The fraternity met at the home of been selected from hundreds of novels submitted by college people throughout the country. Betty acknowledges Kappa Kappa Gamma and many early writings in campus publications.

The discovery of Betty White, winner of the College Humor-Doubleday, Doran \$3,000 Campus Prize Novel Contest, is announced in the June issue of College Humor, together with Spring dance election night, May 6, the beginning of Miss White's serial, "I Lived This Story."

Not Much "It"

People fed on the college films of Miss Clara Bow may be puzzled over "I Lived This Story." Betty White has grown a story out of the rich comedy of college life. She is bitter, she is minutely observing, ist. Bernard De Voto, who knows her very well, has this to say:

"She appeared at the opening meeting of a class of mine, a timid, quiet child with deep eyes and the hair and features of an angle done in stained glass for a cathedral window. There was a paradox in that, for at Northwestern, whatever adjectives you might apply to co-eds who are good loking, you don't think of timid and quiet. It was an advanced class, and she had no right in it, but I let her stay because my native piety responds to cathedral windows. The girl may have been timid and quiet, Siwash and Sorbonne—these juveniles but assuredly her pen wasn't. In cry bitterly and the result is called, five years of teaching composition I have seen nothing that distantly ap-

"College fiction usually belongs to one of two schools. On the one hand we have stories about impossibly virile super athletes and ridiculously seductive girls who converse in what would be epigrams if they didn't misreveries of the repressed and disappionted, and all the farm boys are blend of Lady Windemere and Helen Morgan, and Sigma Chi is perceptible difference between old of a real college girl.

An All-School Prohibition Poll

The International Student editor, Harry S. Warner, has written The Gateway requesting to know "what college editors generally throughout the country are thinking and writing about the 'Wet-Dry' polls being taken in some of the colleges and universities."

Editors of The Gateway, as representative of the student body and faculty desire to express the sentiment of the entire university rather than their personal ideas on the Prohibition

Drop your personal beliefs or recommendations in The Gateway box before Wednesday, May 21. All communications must be brief. This is not intended as a school-wide vote on the Eighteenth Amendment. Student criticisms are wanted more than anything else.

you in favor of a repeal? Do you want light wines and beer? Are you content with the two-bit gin cocktail handed out at Greek dances? Do you think the student world is going to the bowwows or was "Dad" Elliot all wrong? Come one and all. We want YOUR idea on the subject. Is

"Be Patient" While Bursar Arranges for Return Fund

L. W. Crenshaw, bursar, has requested students to "be patient" while financial matters are being arranged so that the two dollar and a half annual fee may be returned.

The original assessment was taken to finance the annual Omahan for 1930. Due to lateness in electing officers to manage the book, and lack of financial foresight on the part of those who proposed the original fee, the publication was abandoned this year.

Mr. Crenshaw will post an announcement on the bulletin board when the office procures the funds for reimbursement.

I believe, debunking.

MILLIONS RELEASED

FOR OTHER INVESTMENT USE

MPROVED railroad transportation is enabling manufacturers in the state of Illinois alone, to successfully carry on their business with reduced inventories that total \$420,000,000 annually. On the basis of a total value of approximately 80 billions of dollars—the estimated annual value of all manufactures in the United States—this means that improved railraid service is saying American business that improved railroad service is saving American business at least the equivalent of the interest charges on five billion dollars. The reduced inventories in Illinois were effected out of a total annual volume of business that is slightly less than six billion dollars.

Not only have the interest charges been saved. The amounts not needed in inventories at both the originating and receiving ends of the line and in transit, are released for constructive investment. Without a doubt this has been an important factor in our sustained prosperity. It is one of the most important reasons the country did not suffer from panic conditions following the readjustment of security values last winter. Very few if any businesses were caught with large stores of materials or stocks of goods on hand; consequently it was not necessary to "write off" huge losses as formerly happened. It will be remembered that there was virtually no readjustment of commodity prices to accompany the lowered security values.

So-called "hand-to-mouth" methods of doing business now are vital factors in our entire industrial and economic scheme of things. The entire system is dependent on exceptional railroad transportation and the railroads are justly entitled to a share of credit for the benefits that have resulted. That there are real benefits no one denies. And we know now that over any period of time the volume of business transacted is as great or greater under the present system as under old methods.

Sometimes it seems that the public is so accustomed to the conveniences of modern railroad service that it seldom. if ever, recognizes the fact that even the most simple pur-chase contains the romance of industry, commerce and human progress. There is hardly a commodity in daily use that does not reflect the combined services of a great many people and few realize how much of that service is performed by the reliroads and what a small portion of the consumer's dollar ever goes to the railroads for their

A case in point is the consumer's dollar spent for bread. Some interesting figures have just been compiled showing that the producer gets 26.1 cents of the dollar. Transportation of the wheat represents 2.6 cents. The elevator marsing is 2.8 cents. The flour manufacturer gets .6 cents. The transportation of the flour represents 4.4 cents. The bread manufacturer gets 12.3 cents. The selling cost is 16.4 cents, the "overhead" chargeable to munufacturing is 2.5 cents and the profit secreting to those engaged in manufacture of bread is 2.7 cents. The operating cost to the retailer is 15.7 cents and the profit margin to the retailer is 2.9 cents.

Super-accules on the past of the valigoads is an essential necessity today. The Missouri Pacific Lines appreciate this and will continue to exect their best efforts to this end that the public may have the reliable, dependable relires types occupation that it needs and must have.

I selicit year se-operation and suggestions.
